Over the past three years, **Story4Change** has been actively associated with the **Sambalpur Forest Division** in supporting various environmental awareness and community outreach initiatives, particularly in **Jujomura Block**. Through its collaborative efforts with the Forest Department, local communities, educational institutions, and volunteers, the organisation has made significant contributions towards promoting environmental stewardship and sustainable practices.

During this period, **Story4Change** has actively supported and organized several impactful initiatives, including:

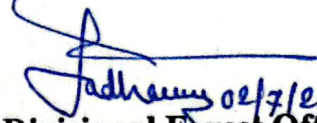

- Plantation and afforestation drives.
- Environmental awareness programmes in schools and villages.
- Nature camps to promote biodiversity conservation and appreciation of forests.
- Storytelling sessions focused on environmental protection, wildlife conservation, and climate change.
- Community awareness programmes encouraging sustainable lifestyles and natural resource conservation.
